8091/A Vulcan

8091/A VULCAN

Vulcan: a specially developed bush fire glove with exceptional properties. The glove is made in a fabric leather combination. Leather is special treated in the same way as the SMP+ glove and does not shrink. The newly developed and fire resistant cut protection lining reduces sweating and guarantees the users the highest level of safety for emergency services. The glove has special reinforcements for side walls to protect seams and thread.

Sizes:

5 (XXS) - 6 (XS) - 7 (S) - 8 (M) - 9 (L) - 10 (XL) - 11 (XXL) - 12 (XXXL) - 13 (BIG)

Certification:

AS2161.6:2003 (level 1)

Details:

- **Shell:**
Backhand: PPAN - FR inherent flame retardant fabric, Para-Aramid
Palm: Fire block leather (no shrinkage even at high temperatures)
- **Lining:**
Backhand: Lenzing® FR Viscose
Palm: Cut protection lining made of Kevlar® with fiberglass

Washing instructions

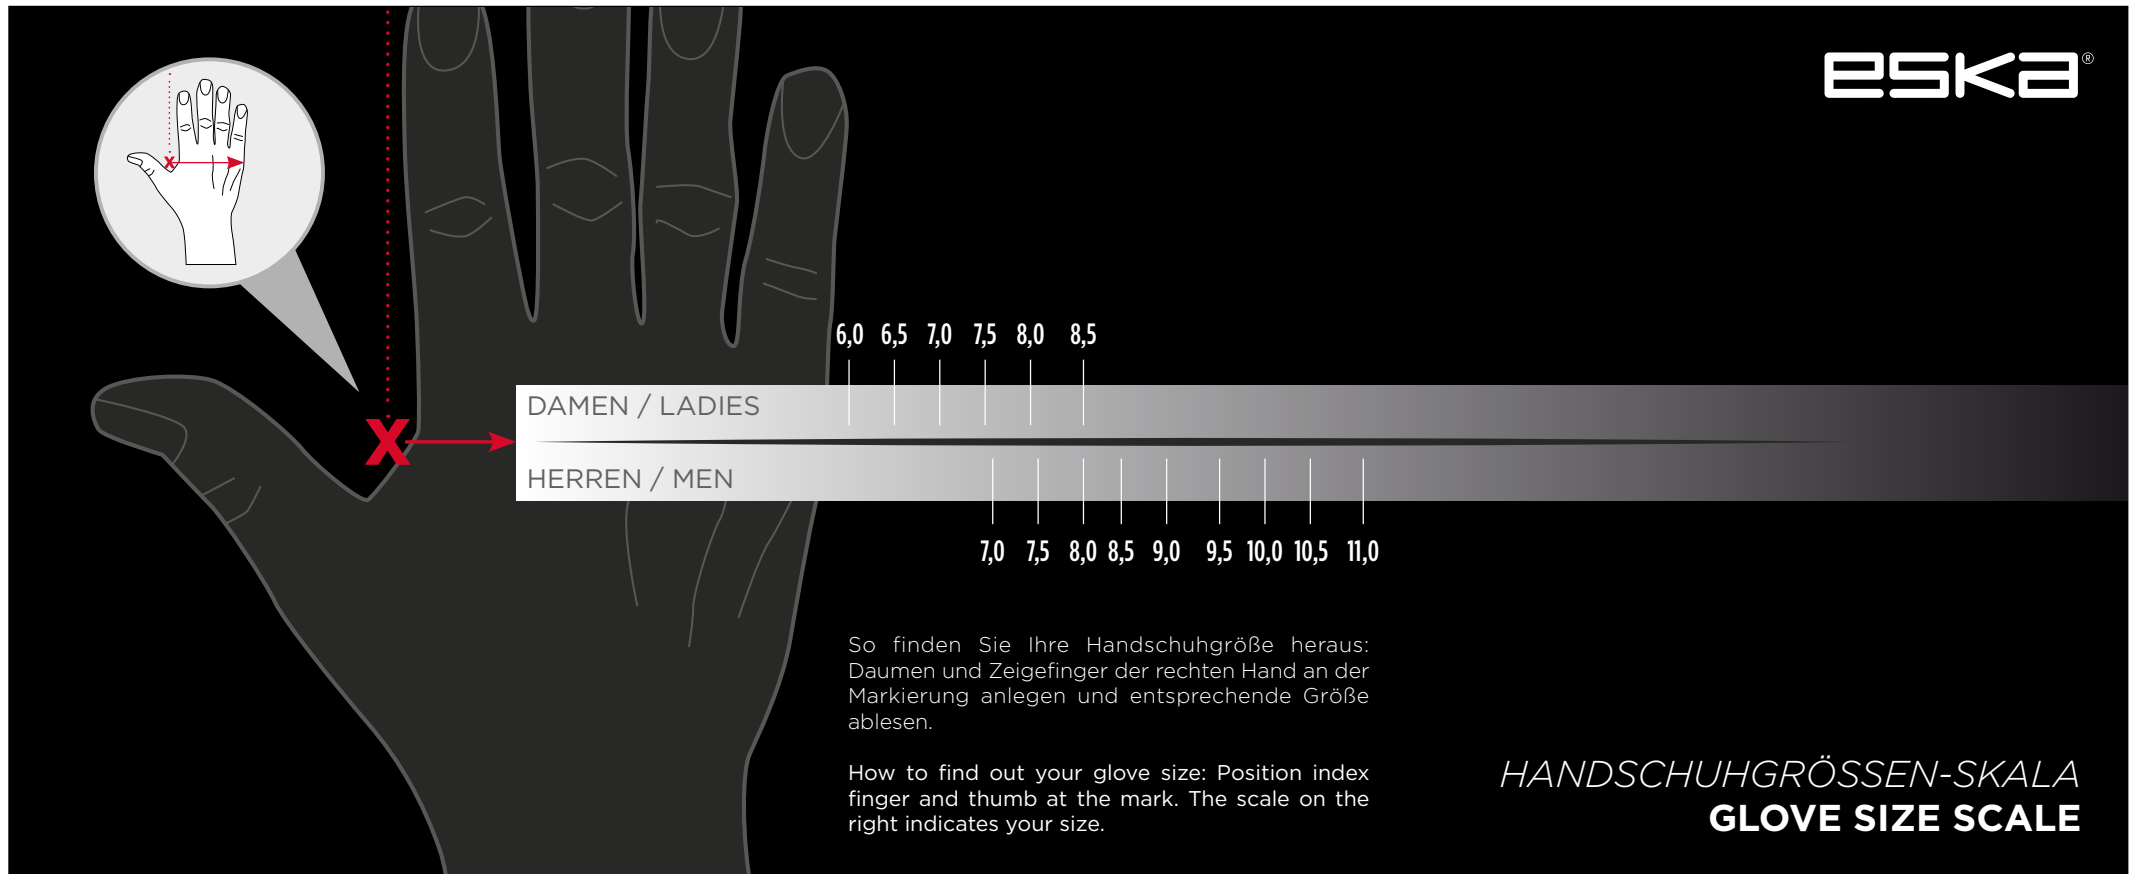

- Machine washable at 40°C with mild detergent & sanitizer
- Rinse twice
- No dry-cleaning
- Do not tumble dry
- NO chlorine bleach
- Gently squeeze glove from fingertips to wrist to remove excess water, do not twist
- Hang to air dry, away from direct heat with the fingers facing upwards
- Do NOT iron
- Stretch your gloves back into shape

Care & Maintenance

- Remove excess dirt/grime
- Inspect glove for holes
- Wash gloves regularly
- Keep gloves in a dry location when not in use

Glove Size Scale

STRUCTURAL FIRE GLOVE

How to measure the glove size

Choosing the correct glove size is really important to get the optimum safety and grip sensation. Before buying firefighting gloves you should determine your glove size. To measure the circumference of the hand use a measuring tape, which you should twisted around the knuckles on the backhand (excluded thumb). The hand must be bend a little bit (like on the picture). If you don't have any measuring tape, you can also use a thread. Twist it around the knuckles at first and then measure it with a ruler. The measured circumference value in cm indicates the hand size. Then use the following table to determine the required size:

5	6	7	8	9	10	11	12	13
XXS	XS	S	M	L	XL	XXL	3XL	4XL
13,5 cm	16,5 cm	19 cm	22 cm	24 cm	26,5 cm	29 cm	32 cm	35 cm

Size = 8,5 (23 cm)
