AGENCIES

No detail has been overlooked in our redesign of the ProSeries® Pulleys. Built workhorse tough to deliver years of dependable service, these HD (Heavy Duty) Pulleys are loaded with enhanced features including:

- Large high-efficiency anodized aluminum sheave
  - High-strength sealed bearings that minimize loss of mechanical advantage and will deliver optimum performance haul after haul
  - Side plates constructed of machined aircraft-grade aluminum, with smooth rounded edges to minimize rope wear
  - Wide attachment point that supports multiple rescue-size carabiners
  - PMP (Prusik-Minding Pulley) bottom shaped for maximum efficiency with Prusik hitches and also works well with mechanical rope-grabs
- Note: Do not load a single side only of a double-sheave pulley.

OPTION	ITEM	PRODUCT WEIGHT	SHEAVE TREAD SIZE	PULLEY DIMENSIONS (H X W)	TYPE	COLOR	NFPA RATING	3 SIGMA MBS
HD2	300441	367 G	57 X 13 MM	14.5 X 10.75 CM	SINGLE	GRAY	GENERAL USE	56 KN
HD2 Double	300442	605 G	57 X 13 MM	16.5 X 9.5 CM	DOUBLE	GRAY / RED	GENERAL USE	56 KN
HD4	300461	850 G	95 X 13 MM	19.75 X 14 CM	SINGLE	RED	GENERAL USE	46 KN
