NFPA 1971:2013

Reinforced Kevlar® composite shell provides integral strength and excellent penetration protection. This lightweight shell is chemical and UV resistant with inherent heat and flame resistance. Expected service life of 15+ years with proper care and maintenance.

Premium reflective trim with high retro-reflectivity for increased visibility. Customised Decals (badges, wording, and rank markings) are available by request.

SCBA and Easi-On-Off (EOB) torch base combo (optional). EOB only version as standard. Easi Glide Torch Holder and torch sold separately.

Unique full cranium polyurethane liner provides an excellent thermal barrier and superior shock impact absorption.

3-point chin strap. Single handed adjustment at multiple locations for maximum comfort and stability.

Pacific quick release buckle can be easily secured, released, and adjusted with a gloved hand.

6-point ribbon cradle harness, fully modular for easy cleaning and replacement.

Front plinth with customised metal badge (shown).

Polycarbonate eye protector (optional) provides high speed particle impact protection, with heat and flame resistance. Anti-scratch and optically correct with full eye cover for excellent splash protection.

Clear polycarbonate face shield provides high speed particle impact protection, with heat and flame resistance. Anti-scratch and anti-fog, optically correct, with full face cover for excellent splash protection.

Flame Resistant Neck Protector (water proof or padded variations available).

Pacific ratchet adjustable headband, sizing range from 52–64cm (downsizing adjustment kits and XL sizes available). Simple operation with a single gloved hand. Comes with comfortable front and rear sweat padding in your choice of leather, merino, or vinyl and is easily removable and replaceable for decontamination.
